SPECIAL TOWN MEETING**TOWN OF LINCOLN****July 15, 1970**

A Special Town Meeting was held July 13, 1970 — 8:00 p.m. at the Lin-Wood High School Auditorium. The Board of Selectmen were present consisting of James MacDonald, George McGee, Sr., and Edmond Gionet.

The Moderator, George McGee, Sr., called the meeting to order and read the following Articles to be acted upon. He also read a report to the Voters of Lincoln concerning Route 3 Water Extension Project, which gave the general background of the construction now in progress and also a letter by Mr. Harry Berry to Camp, Dresser & McKee. This report and a copy of the letter were placed in each seat for the voters. Mr. Harry Berry is the engineer on the water extension project.

ARTICLE I — To see if the town will vote to ratify and confirm in all respects all actions taken by the Board of Selectmen in the name of the town concerning the construction of the Route 3 Water Improvement Project consisting in part of a water main, reservoir and a pumping station.

ARTICLE II — To transact such other business as may lawfully come before the meeting.

The Moderator relinquished the chair to Judge George Parker who gave an explanation of why this project was necessary. He said the State of New Hampshire had compensated Parker's Motel and Indian Head Resort for the loss of their water supply due to the new 93 highway going through that section. They had in turn given the money to the Town of Lincoln to be used for this new water project.

Moderator McGee again took the chair and asked for a motion on Article I.

A motion by: George Parker: To see if the town will vote to ratify and confirm in all respects all actions taken by the Board of Selectmen in the name of the town concerning the construction of the Route 3 Water Improvement Project consisting in part of a water main, reservoir and a pumping station.

Seconded by: Ernest Spanos

The Moderator asked the voters in what manner they wished to vote.

A Motion by Edmond Gionet: We, the undersigned registered voters of the Town of Lincoln, New Hampshire hereby request and move that any vote taken at the Special Town Meeting for the Town of Lincoln at eight o'clock in the afternoon on Monday, July 13, 1970 on Article I shall be by paper ballot with a checklist.

Seconded by: Pauline Bellerose.

A voice vote — Ayes — all in agreement

Nayes — none

Questions were answered on the voting. An amendment to the motion by: Ralph Foley: That this be taken by a standing vote. The amendment was voted upon with 137 in favor and 2 not in favor. The amendment carried.

The Moderator asked for any further discussion on the main motion. Many questions were answered pertaining to the now 80% complete water project. The Moderator pointed out in detail on a map how the program was progressing and showed in detail the placing of the various lines, pumps, tank etc.

Edmond Gionet asked to be heard and was granted permission to speak. He said he was not allowed to participate in any of the town affairs as a selectman and was given the menial chores. He thought it was illegal to have a sewer main and water line in the

same trench. He also stated that in a previous town meeting the voters had voted that anything in the amount of \$5,000 or over should be put out for bid and that the Selectmen had not abided by this. The Moderator told how the Town was given permission to use one trench and all the lines in the town were done this way.

A vote was taken on the main motion: 131 in favor 13 not in favor.

Edmond Gionet was allowed to read a request: "I challenge and request the chair rule as illegal with regard to the appropriation for the water works improvement project at the 1968 and 1969 regular Town meetings inasmuch as it appears that this special meeting involves the rescission of prior appropriations and/or the raising of new monies without the balloting of at least one half of the legal voters on the checklist in violation of RSA 31:5."

The Moderator put this up as a motion which was seconded by George Hooker. A standing vote was taken. Ayes 3, Naves 130.

Mr. Edmond Gionet wished to go on record that he voted in favor of this motion.

A motion by: Henry Waldo to adjourn this meeting. Seconded by: Raymond O'Rourke. 140 Ayes, no naves. Adjournment at 10:00 P. M.

Respectfully Submitted,

NATHANIEL N. BARTLETT, Clerk

M. TARDIF, Clerk

MINUTES OF LINCOLN TOWN MEETING**Linwood High School****March 10, 1970**

The Town Meeting was called to order at nine o'clock in the forenoon and the polls were opened for voting to choose Town Officers.

The polls were closed at 6:00 p. m. and the Town Meeting recessed until the ballots could be counted. The Business Meeting opened at 7:35 p. m.

Mr. Robert Russell made the motion that each article be taken up and acted upon in numerical sequence as printed in the Warrant. Raymond O'Rourke seconded the motion. The motion carried with an affirmative vote.

ARTICLE 2 — To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

The Budget Committee recommended that \$17,000.00 be raised for this article. The motion was made by James MacDonald and seconded by Thomas Weeden that the Town raise the sum of \$17,000.00 dollars for Article #2. The vote was in the affirmative.

ARTICLE 3 — How much money will be raised for the Police Department.

The Budget Committee recommended the sum of \$19,380.00 be raised for the Police Department. The motion was made by James MacDonald and seconded by Robert Russell to raise the sum of \$19,380.00. The vote was in the affirmative.

ARTICLE 4 — How much money will be raised for the Fire Department.

The Budget Committee recommended the sum of \$4,500.00 for the Fire Department. Kenneth McInnis moved and Paul Lehouillier seconded to raise \$4,500.00

for the Fire Department. The vote was in the affirmative.

ARTICLE 5 — How much money will be raised for the Health Department.

The sum of \$5,850.00 was recommended by the Budget Committee. The motion was made by Lawrence Woodward and seconded by William McGee to raise the sum of \$5,850.00 under this article. The vote was in the affirmative.

ARTICLE 6 — How much money will be raised for Town Maintenance.

Recommended by the Budget Committee for this article was the sum of \$30,000.00. The motion was made by James MacDonald and seconded by Laurence Gilman to raise the sum of \$30,000.00 for Town Maintenance. The vote was in the affirmative.

ARTICLE 7 — How much money will be raised to operate and maintain the sewer system.

The Budget Committee recommended \$3,000.00 for this article.

Fred Branscombe moved that \$3,000.00 be raised, this was seconded by Raymond O'Rourke. The vote was in the affirmative.

ARTICLE 8 — How much money will be raised to operate and maintain the Water System.

The Budget Committee recommended \$5,000.00 be raised to maintain the water system. The motion was made by Kenneth McInnis and seconded by Guy Hiltz to raise and appropriate \$5,000.00 for the operation and maintenance of the water system. The vote was in the affirmative.

ARTICLE 9 — To see if the Town will vote to raise and appropriate the sum of 1,500.00 to enlarge the existing water line serving Camper's World. The Budget Committee recommended passage of this Article with the sum of \$1,500.00

The motion was made by James MacDonald and seconded by Leo Savoy to raise the amount stated in the Article. The vote was in the affirmative.

ARTICLE 10 — To see if the Town will vote to authorize the Selectmen to use any earned income and surplus that may be developed in this Warrant for the purpose of laying and constructing a water and sewer line on a street running north from Pollard Road to serve Bourassa, Corum and other properties, and Stevens, Plummer and others on the extension of Maple Street.

An amendment was offered to Article 10. The motion was made by Helen Gilman for water and sewer lines be constructed to the Laurence Gilman property also under the original Article 10. The motion was seconded by George Hooker. The vote on the amendment was in the affirmative.

On the original Article 10, it was explained these jobs could be done only from revenue from the State and other budget surpluses earned from use of Town equipment. The motion was made by Harold Judd and seconded by Floyd Wiggett to adopt Article 10 as written. The vote was in the affirmative.

ARTICLE 11 — How much money will be raised for street lighting.

Budget Committee recommended \$8,000.00. The motion was made by Paul Lehouillier and seconded by Laurence Woodward to raise \$8,000.00 for street lighting. The vote was in the affirmative.

ARTICLE 12 — How much money will be raised for Cemeteries.

Budget Committee recommended \$1,300.00. The motion was made by Leo Savoy and seconded by Guy Hiltz to raise \$1,300.00 for Cemeteries. The vote was in the affirmative.

ARTICLE 13 — How much will be raised for the operation, alteration and repairs for the Public

Library.

The Budget Committee recommended \$7,191.00 be raised for the Public Library. The motion was made by Lawrence Woodward and seconded by Leslie Sargent to raise \$7,191.00 for operation, alterations and repairs to the Library. The vote was in the affirmative.

ARTICLE 14 — How much money will be raised for the support of Town Poor.

The Budget Committee recommended \$3,500.00 be raised for the support of the Town Poor. The motion was made by James MacDonald and seconded by Guy Hiltz to raise \$3,500.00 for the Town Poor. The vote was in the affirmative.

ARTICLE 15 — How much money will be raised for Old Age Assistance.

The Budget Committee recommended \$2,000.00 for Old Age Assistance. The motion was made by James MacDonald and seconded by Gilman Bossie to raise \$2,000.00 for Old Age Assistance. The vote was in the affirmative.

ARTICLE 16 — How much money will be raised for advertising and regional associations.

The Budget Committee recommended \$1,300.00. The break down as follows: White Mt. Regions Asso. \$400.00, Lincoln-Woodstock Chamber of Commerce \$400.00, and the 93 Asso. \$500.00. The motion was made by Jimmie McLaughlin and seconded by Jean Hogan to raise the sum of \$1,300.00 as recommended. The vote was in the affirmative.

ARTICLE 17 — To see if the Town will vote to raise the sum of \$8,640.00 and interest to take up five long term notes coming due during the ensuing year.

The motion was made by Roland Bourassa and seconded by Kenneth McInnis to raise \$8,640.00 and interest to take up long term notes due during the ensuing year. The vote was in the affirmative.

ARTICLE 18 — To see how much money the Town will vote for Civil Defense.

Recommended by the Budget Committee — \$300.00. The motion was made by Kenneth McInnis and seconded by George Houle to raise \$300.00 for Civil Defense. The vote was in the affirmative.

ARTICLE 19 — To see how much money the Town will vote to raise for the operation of the Town Dump.

Recommended by the Budget Committee — \$2,200.00. The motion was made by Philip Corker and seconded by George Houle to raise \$2,200.00 for the operation of the Town Dump. The vote was in the affirmative.

ARTICLE 20 — To see if the Town will vote to raise the sum of \$3,000.00 for the rent of the Lincoln Garage Building.

The Budget Committee recommended the Town raise \$3,000.00 for the rental of the Lincoln Garage Building. The motion was made by William Mayhew and seconded by Raymond O'Rourke to raise the \$3,000.00 as stated in this Article. The vote was in the affirmative.

ARTICLE 21 — To see how much money the Town will vote to raise for the Lincoln-Woodstock Day Camp.

Recommended by the Budget Committee, \$3,500.00. The motion was made by Ugo Muzzei and seconded by Gilman Bossie to raise \$3,500.00 for the Day Camp. The vote was in the affirmative.

ARTICLE 22 — To see if the Town will vote to raise the sum of \$122.55, the State to contribute \$817.03 for Town Road Aid.

The Budget Committee recommended adoption of this Article. The motion was made by James MacDonald and seconded by George Houle to raise the sum of \$122.55 and the State to contribute \$817.03 for Town Road Aid. The vote was in the affirmative.

ARTICLE 23 — To see if the Town will vote to raise the sum of \$4,500.00 to cover payment of premiums for all forms of insurance.

The Budget Committee recommended \$4,500.00 be raised to cover payment for all insurance payments. The motion was made by James MacDonald and seconded by William Mayhew to raise \$4,500.00 to cover payment of all insurance premium payments. The vote was in the affirmative.

ARTICLE 24 — To see if the Town will vote to raise the sum of \$2,350.00 for the purchase of a new Police Cruiser.

The Budget Committee recommended passage of this Article as written. The motion was made by James MacDonald and seconded by Gilman Bossie to raise \$2,350.00 for purchase of a new Police Cruiser. The vote was in the affirmative.

ARTICLE 25 — To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes or other anticipated revenue.

The Budget Committee recommended adoption of this article. The motion was made by Emory Houle and seconded by Fred Branscombe to authorize the Selectmen to hire money in the anticipation of taxes and other anticipated revenue. The vote was in the affirmative.

ARTICLE 26 — To see if the Town will vote to create a five man Planning Board pursuant to the provisions of New Hampshire Revised Statutes Annotated Chapter 36 and make available to it the powers and duties therein described.

During the discussion on this Article, it was explained that this was in no way to be confused with zoning as such. The motion was made by Leslie Sargent and seconded by Lawrence Woodward to adopt this Article as printed. The vote was in the affirmative. Richard Legare requested that his no vote for adoption of this Article be put on record.

ARTICLE 27 — To see if the Town will vote to become a member of the Pemi-Baker Regional Planning Agency pursuant to the provisions of New Hampshire Revised Statutes Annotated, Chapter 36:38. This Agency will have membership of at least two of the municipalities in the Pemi-Baker River Area. The objective of this Agency will be to plan for and encourage Regional Planning Analysis, provide consensus on major problems of regional concern and assist in the effectuation of projects which extend beyond the boundaries of any particular town. The Agency will have no jurisdiction over any matter of local affairs, will be primarily advisory, and two members of the Regional Planning Agency shall be from the town of Lincoln by appointment by the Selectmen.

The motion was made by Leslie Sargent and seconded by James McLaughlin to adopt this Article as printed. The vote was in the affirmative.

ARTICLE 28 — To see if the Town will vote to authorize the Selectmen to apply for, negotiate for, accept, expend and do all other things necessary to obtain:

- a. From the Roman Catholic Bishop of Manchester such lands or land as he may be willing to sell, and;
- b. From the State of New Hampshire such lands as may be declared surplus to the needs of the Department of Public Works and Highways lying easterly and northerly of Pollard Road;

Using such funds to carry out the purpose of this Article as may be raised and appropriated in this warrant.

The Budget Committee recommended the Town raise \$15,000.00 to implement Article 28 as written. The \$15,000.00 to come from the sale of the Old High School so-called.

On Section a of Article 28 the motion was made by Ralph Foley and seconded by Henry Waldo to give the

Selectmen the authorization as stated in Section a of Article 28. The vote was in the affirmative.

On Section b of Article 28 the motion was made by Ralph Foley and seconded by George Houle to give the Selectmen the authorization as stated in Section b Article 28. The vote was in the affirmative. Roland Goodbout requested that his "no" vote be made a public record on Article 28 Sections a and b.

A Resolution was given in the form of a motion by Ralph Foley and seconded by Raymond O'Rourke viz. Resolved: That the Selectmen of the Town of Lincoln are authorized to request that the Commissioner of Public Works and Highways make a provision during the construction period for the emergency landing of aircraft in distress, provided that such provision is feasible without undue interference with construction operations. The vote on the motion was in the affirmative.

ARTICLE 29 — To see if the Town will vote and authorize the Selectmen to expend on the projects voted in this Warrant any principal and interest earned on proceeds of any sale of Serial Bonds or Notes in connection with said projects. The motion was made by Robert Russell and seconded by Henry Waldo to adopt this Article as written. The vote was in the affirmative.

ARTICLE 30 — To see if the Town will vote to authorize the Selectmen to spend in connection with the anti-pollution facilities to be constructed by the Town, such interest as may from time to time be earned on any monies received from the sale of bonds relating to such project.

The motion was made by Robert Russell and seconded by Henry Waldo to authorize the Selectmen as outlined in the Article as printed. The vote was in the affirmative.

ARTICLE 31 — To see what action the Town will take with regard to revaluation of all taxable properties in said Town.

This Article was explained and discussed but no action was taken.

ARTICLE 32 — To see if the Town will vote to authorize the Selectmen to convey any real estate obtained by Tax Collector's Deed and to execute any deed or deeds thereof in the name of the Town.

The motion was made by Nathaniel Bartlett and seconded by Henry Waldo to give the authorization as stated in the Article 32. The vote was in the affirmative.

ARTICLE 33 — To see if the Town will vote to authorize the Selectmen to enact an ordinance to restrict dogs from running at large within the Town limits: The wording of said ordinance being contingent upon the results of a public hearing to be held at a later date.

The motion was made by Alfred Serge and seconded by William McGee to adopt Article 33 as written. The vote was in the affirmative.

ARTICLE 34 — To see what action the Town will take with regard to Annual Town Meetings.

The motion was made by James MacDonald and seconded by George Hooker to have the Business Meeting of the Annual Town Meeting to be held at 7:30 p. m. The vote was in the affirmative.

ARTICLE 35 — To transact any other business that may legally come before the meeting.

George McGee made a motion that a letter received from President Nixon be made a permanent record by insertion in the Town Report of 1970. Robert Russell seconded the motion. The vote in the affirmative.

Nominated for three year term to the Budget Committee were Leslie Sargent, May Tardif, Robert Russell, and Richard Legare by affirmative vote the four nominated were elected to the three year term on the Budget Committee.

Nominated for a one year term on the Budget Committee was Jimmie McLaughlin. He was elected by unanimous vote.

A standing vote of thanks was given to Kenneth Stewart for his service on the Budget Committee.

A motion was made by George McGee and seconded by Robert Russell to have an excerpt from the Congressional Record of January 5, 1970 Re: Water Pollution Control: Printed in the next Town Report. The vote was in the affirmative.

The motion was made to adjourn the Town Meeting, the motion was seconded and unanimously passed at 11:55 p. m.

Respectfully Submitted,
NATHANIEL N. BARTLETT,
Town Clerk, Lincoln, N. H.

THE WHITE HOUSE

Washington

January 22, 1970

Dear Mr. McGee:

The strong and faithful leadership you have given to the efforts of the people of Lincoln and the Franconia Paper Company to reduce pollution in the Merrimack Valley has come to my attention and I want to commend you for your important contribution to the restoration of this area. While the opening of the new waste treatment plant at the paper mill was surely a deeply gratifying event, I am certain that your greatest satisfaction will come from the renewed beauty of the valley and the appreciation of your fellow citizens. It is a pleasure to congratulate you and your associates for your untiring efforts to improve your environment.

With my best wishes,

Sincerely,

RICHARD M. NIXON

Mr. George M. McGee, Sr.
Board of Selectmen
Lincoln, New Hampshire 03251

WATER POLLUTION CONTROL

HON. THOMAS J. McINTYRE
Of New Hampshire
In The Senate of The United States

Tuesday, December 23, 1969

Mr. McINTYRE. Mr. President only last month, the Senate voted to increase the appropriation for the water pollution control facilities grant program to the level authorized under the Clean Waters Act of 1966. This is a truly significant step in the Nation's efforts to control water pollution.

I can remember my own disappointment when the administration elected to request only \$214 million of the \$1 billion authorized for the next year. This would have continued the pattern of the past 2 years, which resulted in the Congress appropriating sums substantially less than were authorized by the Clean Waters Act.

I was disappointed because I can remember the hopes that were raised by the act. Many States took effective steps to enable their local communities to participate in the program. Some States, New Hampshire is one of them, voted to cooperate in the program to the extent of supplementing Federal funds with up to 40 percent of the total cost of the projects.

But over the past 3 years, appropriations have been scarcely one-third of the level authorized by the act, one-third of the level that the States had prepared to accommodate. Some States maintained their commitment by prefinancing local grants and by passing bond issues. New Hampshire again was one of these States.

But there is a limit to what the States can do alone. I believe that fiscal year 1970 was crucial to the continued success of the clean waters grant program. Most States had looked forward to expanding their

programs at the level of funding authorized by the act increased. In the next 2 fiscal years, the funding levels were to have peaked. Most States had a backlog of applications which would be approved as the funds became available.

Yet the administration request called for the lowest percentage of funds authorized in the history of the program. Certainly this was a promise unfulfilled. I feel that a failure to raise this level of funding would have resulted in a crisis of confidence, seriously jeopardizing any further State and Federal cooperation in this field.

Because of this, I was one who raised my voice in support of a higher level of funding when the appropriation was considered. I would like to congratulate my colleagues, Senator RANDOLPH and Senator MUSKIE, for their guidance of the appropriation bill through the Committee on Public Works. Though a House-Senate conference subsequently reduced the figure passed by the Senate to \$800 million, this figure was almost four times as large as that requested by the administration.

During the time since the appropriation was passed, I have had the opportunity to view some of the progress that this program has engendered. I am aware that there have been some failures, as the recent report by the Government Accounting Office has indicated. But I also agree with the conclusion of that report that the successes outweigh the failures. I also agree with their conclusion that the failures can be rectified by a more coordinated planning effort. But it is only with a viable, properly financed program that the States and Federal agencies can take those steps that would insure projects broad enough to meet the goals set forth in the GAO report.

Despite occasional failures, however, there has been substantial success. One such instance came to my attention last week. A new pollution control facility became operational in Lincoln, N.H. This project is

a substantial step in cleaning up the waters of the Pemigewasset River, one of the most scenic and polluted rivers in the State.

Lincoln, located near its headwaters, had been a major source of pollution for many years. Municipal sewerage and industrial wastes from the Franconia Paper Co. contributed large amounts of pollution to the river each day. But these people were concerned. Almost a decade ago, farsighted members of the town government, and directors of the Franconia Paper Co., decided to do something about the problem.

Now, 10 years and \$41½ million later, a pollution control plant is in operation which treats both municipal sewerage and the industrial wastes from the paper company. This is a tremendous gain for the State and residents of the area. The project has some aspects that are significant beyond the State of New Hampshire however.

This project was financed under Federal water pollution programs and under State programs to supplement Federal assistance. This project is also a singular example of the results that can be obtained by cooperation between local, State, and Federal governments working with industry. This project is also significant because it will raise the quality of the water in the river to such an extent that towns downstream may now be encouraged to implement their own programs knowing that the water that flows through their communities is of high quality.

I congratulate all of those involved with this project, especially the local government of Lincoln and the directors of the Franconia Paper Co. for their farsighted efforts. They undertook to correct a pollution problem long before the pressure of public opinion became a motivating force.

I regret that I could not join with the citizens of Lincoln in celebrating the beginning of the plant's operation. The press of Senate business during the month of December prevented my leaving Washing-

ton, but my brother John, who shares my deep concern about water pollution, kindly consented to represent me.

At this time, therefore, I wish to add my praise for those involved in this project. I ask unanimous consent that the following articles from the December 15 and 19 editions of the Laconia, N.H. Evening Citizen be printed in the RECORD. These were deserved tributes to those who made this project possible.

There being no objection, the articles were ordered to be printed in the RECORD, as follows:

NEW POLLUTION CONTROL PLANT AT LINCOLN
TO BE UNVEILED—\$4.25 MILLION PROJECT

LINCOLN.—A decade and \$4¼ million dollars later, residents of this paper-making community of 1,200 persons will be given an opportunity this Thursday to see in operation what their foresight, time and money has produced.

Proud officials of the town term the project a “prototype for the nation” because of the cooperation between the townspeople and the Franconia Paper Company, which they describe as “the industrial backbone of Grafton County” in solving the pollution problems associated with paper-making.

Thursday’s activities take the form of an “open house” and Gov. Walter Perterson will head a group of dignitaries saluting citizens of Lincoln, the company and its 550 employees. The company, producers of bond paper, generates a total annual payroll of some \$3,000,000, Lincoln officials say.

The ceremonies start at noon. Open house, meaning guided tours of the gleaming new apparatus designed to cleanse both air and water, start two hours earlier on the company property. In addition to Governor Peterson, other dignitaries at the State level, employees of the mill and townspeople, plus officials affiliated with the paper-making industry from as far away as the midwest, and town fathers from other

paper-making communities, will be present to find out, first-hand, "how Lincoln did it." An open invitation is extended to all members of the New Hampshire Legislature.

The Lincoln story is much too complex to relate in a comparatively few paragraphs. Actually it goes back somewhat more than a decade but certainly a major first step was to go before the 1969 Legislature to start the ball rolling towards the 90 per cent federal and state aid it was entitled to for its abatement program.

The unique feature of the Lincoln story was solving the problem of the very substantial financial outlay Franconia Paper had to make to take care of its own pollution problem. It positively couldn't shoulder the burden without assistance, the company said. Treading the very narrow line between public and private interests, the town fathers received authority from the voters to request state guarantee of the bonds for the total project, thereby reducing interest rates. Also the eventual costs will be less since the bonds for industrial treatment costs will be amortized over a ten year period. On four key votes by the citizenry over a period of a half-dozen years the maximum number of ballots against financial backing which aided the company was a mere seven and it had dwindled to but two by the time the final vote was taken. Somewhat more than 60 "yes" votes were recorded in each instance which implies, in the final vote, the citizenry backed support of its bread and butter industry by better than a 30—1 margin.

New Hampshire has seen nothing official to contradict its understanding that it has "the cleanest air in America." The new treatment plant at Franconia Paper will add substance to the claim. The mill will now emit a plume of smoke somewhat bluish in color and completely odorless. Exit gas sulfur dioxide will be less than 0.002 per cent; far below any air pollution regulation specification.

Additionally the pulp waste from the paper company, as well as sewage from the mill and the community, will be treated in separate facilities. By the time the treated water is returned to the East Branch of the Pemigewasset River its purity will rate a B-plus classification, good enough, and some to spare, for recreational uses including swimming.

An interesting side factor is that the town has offered to connect a prominent and popular State Parks property, Franconia Notch's celebrated Flume, into Lincoln's spanking new sewage system. It comes in the nick of time since the Flume is confronted with a sewage problem of major proportions.

George M. McGee, Sr., is a Lincoln selectman and has lived with the ambitious abatement program day and night since it was launched. He has a special interest in pure water since he is chairman of the State Water Resources Board. He is a former legislator, whose seat in the General Court has been taken by his wife. McGee heads a committee planning the Dec. 18 open house.

Rightfully, Lincoln feels it has made a very substantial contribution to a better environment—not just for the “paper town” itself, but also for the state and the nation.

NEW POLLUTION CONTROL PLANT OPENED —
DEDICATION HELD AT LINCOLN

(By Lynn Sweet)

LINCOLN.—The Pemigewasset and Merrimack rivers, once called “the dirtiest in New England” have taken on new life with the installation of Lincoln's \$4 million pollution control plant.

Franconia Paper Co. at the headwaters of the Pemigewasset dedicated the new pollution control facilities yesterday. The installation was financed through federal, state and local government funds and

more than one-half million of private funds from the paper company.

Representatives from all of these sectors rose to speak in praise of the new installation.

"This river will carry the message that something can be done, that something has been done, as it flows in its new form through the downstream towns," said Gov. Walter Peterson.

The governor said that his administration is doing all that is possible to see that recent Federal cutbacks on funds for projects like this are restored.

John Palazzi, Chairman of the Water Supply and Pollution Control Commission said that, as of next spring, it was hoped that the entire Pemigewasset could be raised to Class B (recreational) waters. He added that the Fish and Game Department had informed him that 50,000 trout will be stocked in the stream.

Dedication ceremonies began in the morning with tours of the new installations. Anti-pollution processes take place at three different sites: the White Water plant which removes sludge, the Copeland Process plant which disposes of sulfite liquor and the sewage treatment plant.

The White Water plant forces the paper sludge to settle and then strips it from the water by two huge vacuum rollers. Dried sludge is carried away in trucks.

The Copeland process by an evaporation system releases sulphur from the sulfite liquor wastes as sulphur dioxide. An acid recovery system strips the sulfur dioxide from the exit gases and returns it as usable acid to the mill. Although this general process is in use in other paper mills, George Copeland, inventor of the idea, said that special adaptations were made for the Lincoln installation making it unique.

The town sewage treatment facilities consist of two five-acre stabilization ponds. About 4.5 miles of

interceptors and 2.5 miles of lateral sewers were installed to provide sewer service to previously unserved areas.

Following the tours at noon, a short ceremony was held at the mill and then the 200 guests moved to the Loon Mountain Lodge for a luncheon meeting.

Former Governor Sherman Adams served as master of ceremonies for the luncheon.

Governor Peterson was first to speak. He called the Lincoln installation "a first in that it brings together citizens, government and industry in a combined assault on one of society's most depressing aspects." Peterson went on to say "... it must not be an isolated first in pollution control. It must be a "prototype."

Peterson's comments served as a keynote as other speakers rose to praise the town of Lincoln in its undertaking. George M. McGee, selectman of Lincoln and chairman of the Water Resources Board was lauded for his successful efforts in moving the town to action.

John McIntyre came as a representative of his brother, Sen. Thomas McIntyre, who was tied up in Washington. He said jokingly, that he wanted to make sure that his "little brother got all the credit he deserves."

Others speaking at the dedication were McGee, Palazzi, former Governor Wesley Powell, State Rep. Thomas Urie of New Hampton, a long-time advocate of pollution control measures, Roland P. Burlingame, one of the consulting engineers, Dr. Copeland and Robert L. Marcalus, president of the Franconia Paper Co.

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Lincoln in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Lin-Wood High School Auditorium in said Lincoln on Tuesday, the 9th day of March, next at 9:00 of the clock in the forenoon, to act upon the following subjects:

The following articles will be acted upon beginning at 7:00 P. M. on the same day.

1. To choose all necessary Town Officers for the year ensuing, the polls to close at 6:00 P. M. on the same day.
2. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations of the same.
3. To see how much money the Town will vote to raise for District Court Expenses.
4. To see how much money the Town will vote to raise for rent of the Lincoln Garage Building.
5. To see how much money the Town will vote to raise for Employees Retirement and Social Security Taxes.
6. To see how much money the Town will vote to raise for a Contingency Fund.
7. To see how much money the Town will vote to raise for the Police Department.
8. To see how much money the Town will vote to raise for the Fire Department.
9. To see how much money the Town will vote to raise to cover payment of premiums for all forms of Insurance.

10. To see how much money the Town will vote to raise for Civil Defense.

11. To see how much money the Town will vote to raise for the Health Department.

12. To see how much money the Town will vote to raise for Operation of the Ambulance.

13. To see how much money the Town will vote to operate and maintain the Sewer System.

14. To see how much money the Town will vote to maintain the Town Dump.

15. To see how much money the Town will vote to raise for Town Maintenance.

16. To see how much money the Town will vote to raise for Street Lighting.

17. To see if the Town will vote to raise the sum of \$121.62, the State to contribute \$810.77 for Town Road Aid.

18. To see how much money the Town will vote to raise for the Public Library.

19. To see how much money the Town will vote to raise for the Support of Town Poor.

20. To see how much money the Town will vote to raise for Old Age Assistance.

21. To see how much money the Town will vote to raise for the Lincoln-Woodstock Day Camp.

22. To see how much money the Town will vote to raise to operate and maintain the Water System.

23. To see how much money the Town will vote to raise for Cemeteries.

24. To see how much money the Town will vote to raise for Advertising and Regional Associations.

25. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes or other anticipated revenues.

26. To see if the Town will vote to appropriate and authorize the Selectmen to expend on the projects, and or debt retirement schedules voted in this warrant that may develop from monies paid to the Town by the State or Federal Government.

27. To see what action the Town will take with regard to revaluation of all taxable properties in said Town the cost of the project to be raised at the next annual Town Meeting.

28. To see if the Town will vote to authorize the Selectmen to convey any real estate obtained by Tax Collector's Deed and to execute any deed or deeds thereof in the name of the Town.

29. To see if the Town will vote to authorize the Selectmen to administer, lease, rent, sell or convey or otherwise dispose of the Town's industrial waste disposal facilities including the real estate on which those facilities are located, to settle, compromise or assign any and all rights and claims of right that the Town may now and may in the future have arising out of the construction, lease or operation of such facilities and to execute all instruments and documents as may be necessary or incidental to the accomplishment of the foregoing and to take such other action as may be necessary to encourage the reopening of the mill presently owned by Franconia Paper Corporation.

30. To see if the Town will vote to have the Budget Committee members put on the Town Ballot in 1972.

31. To see how much money the Town will vote to raise for the payment of principal and interest on long term notes coming due during the ensuing year.

32. To see if the Town will vote to transfer a parcel of land adjacent to Mr. Alex Alampì's property. This land was acquired by the Town from the State due to relocating of the road at this point.

33. To see if the Town will vote to raise \$8,000.00 to apply against a deficit as suggested by the State Tax Commission Auditors.

34. To see if the Town will vote to accept a water line installed by Mr. Edmond Gionet at the upper end of West Street at a cost of \$2,400.00.

35. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 22nd day of February, in the year of our lord nineteen hundred and seventy one.

EDMOND GIONET
GEORGE MCGEE, SR.
JAMES MACDONALD
Selectmen of Lincoln

A true copy of Warrant—Attest:

EDMOND GIONET
GEORGE MCGEE, SR.
JAMES MACDONALD
Selectmen of Lincoln

LIN-WOOD HOME HEALTH AGENCY**Yearly Report**

A total of 1260 visits were made this year in the Towns of Lincoln and North Woodstock combined.

Referrals were made as follows:

Town Aid	7
State Welfare	16
County Aid	2
Crippled Children	3
Sight Conservation	4
White Mt. Community Center	3
Tri-County Legal Aid	2
Cancer Fund	2
Physical Therapy	3
Family Planning	28
Salvation Army Fund	2
Office Economic Opportunity	2
State Hospital	1

The Division of Public Health held several meetings in Concord throughout the year for the purpose of setting up a consistent statewide records system which this agency is now utilizing.

Respectfully submitted,

NANCY MEIER,

Public Health Nurse

LIBRARIAN'S REPORT

Last summer the remodeling of the Lincoln Public library was completed. Due to this project it was necessary to close the library for the summer months. In the work a new roof, new wiring and lighting system, new heating system, toilet facilities and an addition of sixteen feet on the front of the building was done. Complete new shelves, a new desk and a work area for the librarians are among the many improvements inside the building. We also installed a telephone for the convenience of our patrons. Thanks to the efforts of the Trustees and donations from townspeople new wall-to-wall carpeting was installed through gifts from trust funds at no cost to local taxpayers. Through the generosity of Mrs. Clyde Stewart and sons, railings were added to the entrance.

The Bookmobile made four visits during the year. The librarians also attended book buying meetings at the district office in Littleton, hosted a meeting of the North Country librarians for a book buying meeting in December and attended a special meeting for school and public librarians in Littleton last fall. No courses were offered this year but in 1971 another extension course is being offered which one or both librarians will attend.

Our thanks to all the volunteers who have helped us in the past year — packing books, selecting books from the Bookmobile and also helping to continue the cataloging of our collection. We also wish to thank the Trustees for their help and encouragement and Mrs. Martha Patterson who has continued her competent work as bookkeeper.

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

During this past year, the public has shown a great deal of cooperation in the prevention of fires. We wish to express our thanks for a job well done.

Your forest fire warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires, a synopsis of these laws follow.

FIRE PERMITS

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning (SUCH BURNING IS RESTRICTED BY REGULATION TO BE PRIOR TO 9:00 A. M. AND AFTER 5:00 P. M.)

An Air Pollution regulation forbids the burning of household waste in towns where such rubbish is collected by the town.

EXCEPTIONS

Commercial or industrial burning is allowed under normal conditions with permission of the District Fire Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the land owner and permission of the Fire Warden. The warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

REMEMBER! ONLY YOU AND I CAN
PREVENT FOREST FIRES

Fires reported —

State	484 fires	— 244 acres
District	18 fires	— 33.6
Town	2 fires	— 1/8 acre

JOHN Q. RICARD

KENNETH McINNIS

District Fire Chief

Forest Fire Warden

WHITE MOUNTAIN COMMUNITY SERVICES, INC.
111 Cottage Street
Littleton, N. H.

Direct Services

- A. Psychiatrists, Psychologists, Psychiatric Social Workers and our Community Service Workers were involved directly with 386 new referrals, in addition to the caseloads carried over from the previous year of service. In most cases, interviews and evaluation involved members of families and other as well as the client, amounting to many hours of staff time.
- B. Our clinical staff was consulted for advice and recommendations by resident professionals on numerous occasions. These included problems of behaviour symptoms, medication and dosage, referrals to other agencies, family and social relationships, treatment plans, public assistance, and drug abuse.
- C. *General Hospital Consultation.* Each week a staff psychiatrist has made a regular visit to the Cottage Hospital in Woodsville and the Weeks Memorial Hospital in Lancaster. In addition, the clinical staff has been available on an as-needed basis to the physicians serving patients in the Morrison Hospital in Whitefield and the Littleton Hospital in Littleton. During these consultations the clinical staff has been available to physicians and hospital personnel for conferences concerning individual treatment plans.

School Consultation

- A. The Staff Psychologist and Child Psychiatrist with other staff personnel rendered assistance with individual cases of children having difficulty. They worked with school administrators, guidance counselors, and teachers.

- B. Agency personnel presented seminars and programs relating to the psychiatric aspects of learning to school teachers and others.
- C. The Agency has presented programs on Drug Abuse, Special Learning Disabilities, and the Exceptional Child.
- D. A pilot experimental School for Exceptional Children is being operated by the Agency in Lisbon in cooperation with Supervisory Union #35, the State Department of Education (Special Education), and the New Hampshire Department of Mental Retardation. (A special report follows.)

Resource for Professional Workers

Public Health Nurses, New Hampshire Department of Social Welfare Workers and others have used the agency for consultation and assistance with individual cases and general information.

The Agency has:

- A) Discussed the handling of individual cases and has accepted referrals for treatment.
- B) Provided programs centering around common problems through case presentations. It has made available a bi-monthly telephone conference with Tufts University Medical School, Department of Psychiatry.
- C) Enlisted the support of other professionals in working out the details of treatment plans, the meeting of crisis situations, and the return of individuals to productive community life and the labor force.
- D) Provided field work training for students from the University of Vermont Medical College and the University of New Hampshire School of Nursing.
